

BIOCERA-VET® nominated for the Veterinary Innovation Award (AFVAC 2022)

- ▼ **TheraVet participation in several reference veterinary congresses**
- ▼ **BIOCERA-VET® nominated for the Veterinary Innovation Award, Equipment and Devices category, at the AFVAC 2022 conference (France)**

Gosselies (Wallonia, Belgium), December 7, 2022 - 7:30 a.m. CET — TheraVet (ISIN code: BE0974387194 - mnemonic: ALVET), a pioneering biotechnology company in the treatment of bone and joint diseases in pets, today announces that BIOCERA-VET®, its injectable bone cement, was nominated for the Veterinary Innovation Award (AFVAC, Marseille, France) and that, pursuing its commercial strategy, its management team participated in the following events:

- **Veterinexpo 2022**
November 26 & 27, 2022 (Liège)

The largest veterinary fair in Wallonia, Vétérinexpo has brought together dozens of firms and several thousand visitors for more than 40 years around the latest innovations in animal health. Through trainings, conferences and events, professionals in the sector can discover the latest advances in veterinary medicine.
